December 17, 2020

Dear Walla Walla Veterans Home Residents and Family Representatives:

We are writing to update you on the letter we sent on Dec. 14, indicating that one of our residents had tested positive. As we indicated in the letter, we conducted additional testing to verify this result. We are very happy to report that the resident is negative for COVID-19. We re-tested the resident with a rapid test, and also performed two PCR lab tests. Each of these 3 tests results were negative and the Walla Walla Department of Community Health agreed that this is officially a false positive.

Please let us know if you have any questions or concerns.

Sincerely,
Victor Odiakosa
WWVH Interim Administrator
